# Emergency Broadband Benefit (EBB) Program

## Customer Notice and Consent

Cascade Communications Company has been authorized to participate and provide our customers benefits under the Emergency Broadband Benefit (EBB) Program. The EBB Program is a government program that reduces your broadband internet access service bill and is temporary in nature. You will be subject to our undiscounted rates and general terms and conditions at the end of the program if you continue to receive service. You may obtain EBB supported broadband service from any participating provider and you may transfer your Emergency Broadband Benefit to another provider at any time.

I, the undersigned, confirm that I understand the above disclosures about the program and that the National Verifier has authorized our household to receive Emergency Broadband Benefits. I consent to and request that Cascade Communications apply my EBB to the EBB supported broadband service I receive from them. To assure EBB Program integrity, I authorize Cascade Communications to transmit my information as provided below to the National Lifeline Accountability Database (the Administrator) and understand that failure to provide such consent will result in a denial of the EBB.
