

Update

Fall 2023

Take your TV Experience to the next level... with Cascade Communications Fiber Internet designed to Stream.

The Best Live TV Streaming Services

Most people are already doing some form of streaming such as Netflix or Amazon Prime. These apps are full of content but if you want to watch your Local networks and Live TV, you will need to subscribe to one of these popular streaming services.

How to choose the right Live Streaming app for you?

We can help. When you set up an account with MyBundleTV through our website and take the online quiz, it will give you the best options based on which TV stations are your must-haves. MyBundleTV simplifies streaming TV. App Management, track streaming services you subscribe to, including the costs, get access to special deals, and find new services that match your interest. If you would like help switching over to streaming TV, give our office a call!

OUR VISION + OUR MISSION

Is to be the trusted provider of affordable, high-quality communications services that connect our rural communities and surrounding areas with state-of-the-art technology, enabling people to stay connected and thrive in today's digital world.

Is to lead the way in telecommunications by offering state-of-the-art products and services to our customers, providing exceptional local customer service, and delivering value to our shareholders through continuous innovation and improvement. We strive to be the technology leader in our community, utilizing our fiber optic network to provide enhanced connectivity to our customers and neighboring communities to meet their ever-growing connectivity needs.

hello Autumn

fall Begins September 22nd
