

Cascade Communications Company

Billing, Name and Address Annual Notification

The FCC requires us, under certain circumstances, to release the Billing Name and Address (BNA) of telephone customers to telecommunications service providers. The main reason for releasing BNA information is to ensure proper billing for certain types of calls. For instance, calls such as collect, third number or calling card calls may be carried by an interexchange carrier who is not your presubscribed interexchange carrier or who does not have a billing contract with our company. Under these circumstances, the carrier does not know who to bill the call to and therefore, must request the BNA from our company in order to bill the call. We must provide the information to the requesting carrier.

BNA can also be released for several other reasons, including, verification for presubscription and new address purposes, fraud prevention and similar non-marketing purposes.

If you have an unlisted or non-published telephone number, you have a choice. If you do not want your BNA released by our company, we need affirmative notification from you. You should know that if you provide us with such notification, your ability to make third number or calling card calls, or to receive collect calls could be denied. Should you have any question regarding this matter, please call our business office.
